Adams Plan Is Not Subject To Public Hearing

The Carmel Planning Commission expressed doubt that the public would use municipal parking lots, located outside the boundaries of the commercial zone, yesterday afternoon after Building Inspector Floyd Adams explained to them a proposed zoning map of Carmel.

The commission also noted the need for strict control of com-

mercial uses in the yellow (C-1-S) zone, which surrounds the red (C-1) strictly business zone on three sides.

"No matter what the council does about the Master Plan, this is a guide for preparing a zoning law," said Adams, and remarked that the existing zoning law, in effect since 1929, was based on a drawn plan.

As a zoning map, rather than a

master plan, it is not subject to public hearing before planning commission and council, Adams said. The public hearing would not have to be called until after the zoning ordinance is ready and the hearing would be on the zoning ordinance, not on a plan.

The central business district on the map is the red zone (C-1). In this area go retail stores and general offices. No new motel and hotel uses are permitted. Existing motels and courts to be non-conforming but allowed to exist until reconstruction is needed. Present service stations in the proposed red zone either to be considered non-conforming or established as legal variances. Apartments on the second floor of buildings, or the rear half of a lot, are allowed with no off-street parking required, one apartment to every 2,000

Community Chest Drive Begins Here Monday, Sept. 22

Monday morning more than 1200 volunteers will spread our over the Peninsula area to solicit funds for the 20 health, welfare and youth agencies supported by the Community Chest.

The goal this year is \$138,156.00, the largest in the history of the Peninsula. This increase is due to the "explosive" growth in population and the growing awareness of the services offered by the Chest supported agencies; also, five new agencies have been brought beneath the Chest umbrella for 1959, including the Salvation Army.

Carmel is asked to raise \$32,500, which represents 18% of the total Chest goal. However, Carmel benefits preponderately from the services offered by the Chest supported agencies. Twenty four percent of all Visiting Nurse calls are made with the greater Carmel area; 15% of the cases serviced by Family Service are from the Carmei area, and \$8,000 goes to the support of the Carmel Youth Center. Nineteen percent of the total Boy and Girl Scout enrollment for the entire Peninsula is in Carmel.

TOO MANY CARS IN THE WAY

Mrs. Florence Warren's car took her for a grim, carnival ride, "do ing the bumps" yesterday morning at 11:37, when she started to back out of a stall in the post office parking lof. It bumped Leslie Emery's car as he was backing out of his stall, slewed into Adm. C. W. Fisher's car, careened on, tearing down part of the new parking lot picket fence the planning commission is so proud of, proceeded across Dolores Street to strike the parked car belonging to Gunther property on the northwest corner of Dolores Street, struck a parked car belonging to Bernard Conlan of Morgan Hill, bounced off and came to rest against a pine tree.

Little Pfeiffer's **Big Problem To Be Pondered Tonight**

District Organization meets tonight at the Carmel High School library at 8:00 o'clock to consider the problem of one-room Pfeiffer school near Big Sur, which wants to become two-room. To solve its site problem, it must annex to some big district such as Monterey or Carmel and take Palo Colotical sites are in Palo Colorado district and it isn't legal to build a school in somebody else's district. It both schools annex to a larger district, boundary lines are wiped out between Pfeiffer and Palo Colorado.

But they don't want to join Monterey unless Monterey city and high school districts unify. and there's still the goestion of their not being contiguous to Monterev district awaiting a wiling from the attorney general.

All this because little Pfeiffer is hemmed in by a state park and a which can't or won't part with enough land for Pfeiffer to build its extra school room on its present location.

CCAL FOOTBALL JAMBOREE FRIDAY NIGHT

Coast Counties football fans will take their first peak at the prep teams in the area this Friday night at the Salinas High stadium where the annual grid festival will be reeled off with five 'games.' This year's Jamboree will be a streamlined affair with three of the B-Division schools declining the issue because of late starting times in their school districts. Gilroy and Hollister, two of the favorites to displace Carmel as league champions, will sit out this year's Jamboree and will be joined on the sidelines by the Live Oak Acorns.

The CCAL Football Jamboree is a colorful show designed to accomplish three things. Besides giving the league a healthy financial boost, the Jamboree gives coaches and fans an initial look at the prospects throughout the league and it gives the officiating teams a chance to blow the whistles under game conditions.

Rapid and continuous action is assured during the Jamborge /ag there is little time wasted between one 'game' and the one following. Succeeding to am s will warm up outside the stadium and take up the play where the preceding teams left off. If Santa Cruz is in possession of the ball on Watsonville's two-yard line when their "game" ends, Monterey will take over at that spot with Salinas on the defense. A continyous running score will be kept with the West teams matched againt the East squads. Representing the West will be the Salinas Reserves, King City, Gonzales: Watsonville and Salinas Blocking and tackling for the East will be San Lorenzo Valley, Carmel, Pacific Grove, Santa Cruz and Monterey.

In the opening 7:00 o'clock game, San Lorenzo Valley will clash with the Salinas High Varsity Reserves and Wayne Richard's San Lorenzo eleven should handle the Reserves by two touchdowns. Carmel and King City who meet in a league opener on October 4th will take over in the 7:35 tussle and this one appears to be even-up. King City is blessed with blazing backfield speed behind a 200 pound line while the Padres have a trio of hard-hitting backs and good passing potential behind a line which averages about 170 pounds. Gonzales and Pacific Grove take the spotlight at 8:10 p.m. with the Spartans favored to clip the Breakers by a touchdown or two. With Joe Montes operating from the

Carmel Candidate Gives His Views On Water District

by Orval G. Mead

As a candidate for Division 4 of the proposed Water District, it is my intention to keep the people in my division and the area informed. If the Water District is formed your Directors will have two main duties:

1. To continue studying the proposed acquisition of the water facilities in the area.

2. To act as a representative of the individual consumers in dealing with the local water companies on any consumer problems.

The formation of the Water District will not in itself allow any bonding indebtness. After further studies if the Directors decide that purchase of the Water Company is feasible, they will recommend bonds be sold which will have to be approved by at least a majority vote of the people in our area. Therefore, the people in the community will have the final say on whether bonds should be sold to purchase the existing water com-

The cost of maintaining a Water District in the first year will increase our property tax rates approximately 1%, however, the cost for succeeding years will be absorbed by the profits of the municipally run Water Company if purchased by the people.

If the Water District is formed and further studies show municipal operation of water is not desirable, then the District can be dissolved or it can continue to act as a spokesman for the individual consumers.

The initial study by Stone and Youngberg shows that purchase of the privately owned water companies is feasible and that profits are more than enough to offset bond interest and retirement, and return profits to the community, which can be used for rate reductions and/or better service.

The Board of Directors will have to make additional engineering

studies to support any recommendation made to the people to incurr bonded indebtedness in order to purchase the privately owned water companies. As these studies are made, it will be my intention, if elected, to continually keep the people in my District informed by newspaper articles and open hearings if necessary.

Pat on the back this week goes to Tal Josselyn. Discussing duties and policies of civic committees in general, he said, "The best definition I know of a board is still, long, hard and narrow.

It's Bonanza Bill Heron since Monday evening. Noticing a very low tide while he was waiting for golf tournament scores to come into the press room at Del Monte Lodge, Bill remembered that in the old days such a minus tide often uncovered lost golf balls from the Pebble Beach course and, anyway, it was a beautiful evening to stroll along the shore. He spotted a ball almost as soon as he stepped on the beach, then more, then even more. Score: 47 balls; gathering time, one half hour.

Bonanza Bill is a triple-threat visitor from Sacramento, here to see his father Herbert Heron, play in the California Amateur, and report the tournament for McClatchy newspapers.

"No matter where I write for information," says City Clerk Larry Rose, "the recipient has slept here."

Latest such report comes from Norman Williams Jr., Chief of the Office of Master Planning of the City of New York. "My father spent many winters there (Carmel), and we had a glorious few days after the San Francisco ASPO convention last year," writes Mr. Williams answering a letter from Mr. Rose enquiring about a general density control case in Highland Park, Illinois. "Probably the best case on general density control in the country," says Mr. Williams, who discussed it in his column in the April, 1957 issue of The American City. Invited to appear later this year on TV programs Music U.S.A. and The Firestone Hour, Mr. Kostelanetz found he would have difficulty previewing the two shows as they both go on the air at the same time. Someone thought of MPTV. Mr. Kostelanetz arranged to use their Lincoln Street studio. and, with two TV sets equipped with remote control, was able to switch from one program to the other, to find out how each show is produced.

MISSION AT 6TH

MAY COURT CARMEL

Letters . . .

Box 129, Route 2. Carmel, California September 17, 1958 Editor of The Pine Cone;

With reference to the recent circulars calling for membership in a "citizens committee." This should be carefully examined. The objects of keeping Carmel rural are of course excellent, but are old and have in the past been well taken care of by the City Council. The question of motels has recently been fully aired and turned

down without such committees.

The proposal of zoning C-1, C-2, etc. giving set backs, types of houses, etc. are put forward as something new, but anyone interested can apply at the city or the county and obtain the ordinances which completely and very strictly cover these items.

The really important part of the circular however is slipped in among all these worthy objects, and that is the annexation of the unincorporated areas. This has for a long time been a political plank of some small unrepresentative bodies in the unincorporated areas which have tried to force this, as also fire districts and other unpopular proposals, on the public. Such incorporation would mean increased taxes, tickets on parked cars, dogs on leashes for miles around Carmel, and increased cost of building due to Carmel's unnecessarily costly codes and other expensive annoyances.

Do the reputable names at the side of the circular constitute a committee? It does not say so. If so, have they been elected and by whom?

Before citizens sign any such literature or pay the considerable sums of money suggested, it is

urgent that they examine this matter very closely and should be on their guard against the formation of yet another of these small unrepresentative bodies who may take upon themselves to speak for thousands who disagree or do not feel called upon to belong.

Yours very truly, R. Rolleston West.

Pajama Course In Physics Over TV Starts October 6

To provide high school science teachers throughout the country with an inexpensive, convenient opportunity to better their understanding of recent scientific progress, a nation-wide TV course in Atomic Age Physics will be presented over the National Broadcasting Company network for two semesters, beginning Oct. 6 and continuing through June 5. The program will be known as the Continental Classroom.

The course, to be offered for credit through the auspices of local colleges and universities, will be telecast from 6:30 to 7:00 in the morning (in each time zone) Monday through Friday. This is the first time in the history of mass communications that a course for college credit has been offered on a nation-wide basis.

The national teacher will be Dr. Harvey E. White, professor and vice-chairman of the department of physics at the University of California in Berkeley, Other in-

ternationally known scientists will serve as guest lecturers. Dr. White, a physics teacher for more than 30 years, has written five college texts, has served as an International Research Fellow in Berlin and has directed research for the National Defense Research Committee, the Office of Scientific Research and Development, and the Manhattan Project.

Lambeth Conference Letter To Be Read On St. Matthew Day

On Sunday, the Feast of St. Matthew the Apostle and Evangelist, Holy Communion will be celebrated in All Saints' Episcopal Church, at Ninth and Dolores Streets, at 9:15 and at 11:00 o'clock in the morning. The Rector will read to the congregation, at the later service, the Encyclical Letter from the Bishops of the Anglican Communion who met at Lambeth Palace in London last summer.

Archbishops and bishops, 310 in number from 46 countries, members of the Holy Catholic and Apostolic Church in communion with the See of Canterbury, gathered at the invitation and under the presidency of the Archbishop of Canterbury. The theme of the Encyclical Letter to the Church is that of "reconciliation." Of great publicity are the portions of the letter which deal with the sacred nature of marriage and of planned parenthood. Attending the Lambeth Conference from the local Episcopal diocese was the newly-consecrated Bishop Coadjutor, the Rt. Rev. James Albert Pike.

ACTORS, STAGE HANDS ASKED TO ATTEND TRYOUT MONDAY NIGHT

Actors and backstage workers are urged to attend readings at the Golden Bough Circle Theatre on Monday at 7:30 o'clock in the evening. Terence Rattigan's Separate Tables will be cast at that time by the Circle's new director, Frederick Rider.

Separate Tables had an overwhelmingly successful run in New York two seasons ago, and is currently being made into a film. The complete text of the play was reprinted in Theatre Arts for May, 1958. All eleven parts, involving both men and women of ages ranging from 18 to 65, are open. The Circle production is planned to run from October 31 through December 7.

CHRISTIAN SCIENCE SERMON

The truth that man made in the spiritual image and likeness of God has dominion over sin, sickness, and limitation will be brought out at Christian Science services Sunday.

John's account of the walking on the sea by Christ Jesus (John 6:16-21) is included in the Scriptural selections to be read in the Lesson-Sermon entitled "Matter."

A correlative passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy declares: "In proportion as matter loses to human sense all entity as man, in that proportion does man become its master. He enters into a diviner sense of the facts, and comprehends the theology of Jesus as demonstrated in healing the sick, raising the dead, and walking over the wave" (369:5-10).

The Golden Text is from Leviticus: "Turn ye not unto idols, nor make to yourselves molten gods: I am the Lord your God" (19-14).

Carmel Citizens Would Not Get Fair Shake In Water Dist., Jackson Says

New taxes are the most dangerous threat of the proposed Monterey Peninsula Municipal Water District, according to Corum Jackson, Carmel chairman of the Truth About Water Committee, which opposes formation of the district.

"Besides the unlimited direct taxes which can be levied by district directors to pay the compensation of attorneys, engineers, a

m, a n a g e r, secretary, treasurer auditor and other members of a district bureaucracy, besides taxes to pay the cost of the years-long legal fight to seize the water system by condemnation, besides the taxes which may be required to pay bond charges on a continual succession of bond issues for yearly expansion, there will be still another tax threat," Jackson said.

"Property taxes now paid by the water companies will be lost if this property goes off the tax rolls as it would when condemned by a district," he added. Jackson pointed out that large blocks of Monterey County property already are off the tax rolls in the case of Fort Ord, the Presidio, the Naval Postgraduate School, State Parks and Hunter Liggett military reservation.

Jackson said that Dan Searle, general chairman of the Truth About Water Committee, would discuss the tax threat today when he talks to the Carmel Kiwanis Club.

Jackson declared that Carmel citizens who make up his committee also look with disfavor on removing a technical service, such as water supply, from the hands of trained operators, who are engineers and business men, and placing it in the hands of 'politicians.

He said that directors of the district can set rates without lia-Bakersfield area, the Giants appeal.

He said that the proposed district was being organized under the Water District Act of 1911 which made no provision for local control of the water system by such cities as Garmel when swallowed up in a large overlapping district.

"Population-wise we would be lost in a huge district controllers by other cities," he said. "Car let residents cannot get a fair inake in this kind of set-up."

vitt, and Bob Shirley have put in some long sessions on fundamentals during the past week and the Little Padres are shaping up as a going unit. Strong-armed quarterback Frank Mayo gives the jayvee squad a sound passing potential and the stocky sophomore can also move with the ball when he chooses the ground route. Backs Mike Draper, Bill Coleman, and Dave Hanson have shown an ability to knife through the defense and all three of these lads are adept at catching a football. Pat Boyle and Doyle Clayton are nearvarsity caliber ends and have the speed to get under Mayo's long passes. Top interior lineman on the jayvee squad is Paul Rice, a husky sophomore, who makes a good anchor at the center position. Ex-Carmel High players on the MPC squad and ready for action are Joe Mason, Ted Smith, Art Wilkerson, and Ted Balestreri. In the recent intrasquad game, Mason was one of the outstanding linemen on the field and Smith showed good running ability to score from 12 yards out.

Gail Maitre Lead In Circle Play **Opening Friday**

Miss Gail Maitre, who began acting at the age of 16 on the stage of the First Theatre, and has since been seen regularly in all of the local theatres, will have the title role in Plaintiff in a Pretty Hat. The English comedy, which opens at the Golden Bough Circle Theatre tomorrow evening, casts Miss Maitre as an American journalist. Jilted by a young nobleman, who, like most of his class today, has great charm but little wealth, she attempts to sue him for money he does not have. The impasse is resolved in a most unexpected fashion. The play, by Hugh and Margaret Williams was highly praised by London critics. It ran there for more than a year.

Miss Maitre was last seem at the Golden Bough Playhouse in the role of My Sister Eilega. Audiences at Carmel's Forest Theatre have seen her in Tyo Cartlemen from Soho, and the Wharf Theatre she has repeared in a long list of plays and musicals, including Kiss Me Kate, The Pajama Game, and The Peahouse of the August Moon. D. D. Muir, your Telephone Manager in Carmel

These days there's no telling where you'll find transistors, those mighty mites developed by phone people. They've been whirling through space inside U.S. satellites, helping to radio information back to earth. And, down here, they're helping to bring you good phone service. The special transistor held by the phone man above, for instance, helps speed out-of-town calls. For it automatically picks the fastest voice paths to the town you're calling. On top of that, it enables more and more folks to dial their own long distance calls. Transistors are among a whole host of tiny, space-saving parts we use to bring better service to you.

The six local telephone employees pictured above were presented with awards by their District Manager the other afternoon at the Telephone Company office. They are from left to right, Mrs. Stone, 3 years perfect attendance, Mrs. Wishenfelded, 1 year perfect attendance, Mrs. Calhoun, 1 year perfect attendance, Miss Iles, 5 years service pin and 1 year perfect attendance, and Mrs. Hicks who was presented with her 20 year service pin.

Jeni Legon Dançers Here For One Night Concert On Sept. 20

Following a 17 weeks run at the Cabaret Concert-Theatre, Los Angeles, the Jean Legon Dancers and Drummers open the 1958-59 road show season at Sunset Auditorium, with a performance of their new Caribbean Fiesta concert revue one night only, September 20, at 8:30 o'clock featuring ballets, songs and rituals of Cuba, Haiti, Jamaica, Trinidad and Martinique.

This attraction takes over all west coast dates annually filled by Carlos Montoya, Spanish flamenco guitarist, who will not play California again until next season.

Caribbean Fiesta tour is under direction of Pan American Concerts, which first brought Katherine Dunham, Devi Dja, Tito Guizar, Tejada's Tipica Orchestra, Yma Sumac, Carlos Montoya to the Peninsula.

Mary Jane Smithback and Pamelo Anderson are the local managers.

Legon company of 24 dancers, drummers and singers performs three acts and 21 numbers, to native music arranged by H. B. Barnum and Peggy Perryman. Authentic costumes are by Helen Ramsey, from Havana's Tropicana Casino.

Standout artists are Jeni Legon, in calypso songs, Thelma Oliver and Victor Upshaw, from Rodgers and Hammerstain's South Pacific film, Roberto and Cliff Ralque, Cuban drum virtuosos, Ercelle Anderson and Hiram Walker, who scored with Harry Belafonte in Island in the Sun, Micki Grant, Santo Domingo merengue singer, Abdul Akoni, Haitian voodoo drummer, and Toni Winsted, shango dancer from British

Gas and electricity are cheap in California P. Gand ...

Pacific Gas and Electric Company

P. G. and E. customers save 27c on the dollar

The California Public Utilities Commission reports gas and electric costs in America's leading cities. Compared with the average for the cities outside California, P.G. and E. customers save 27¢ on the dollar!

And here's more good proof you're getting a bargain. In the chart below you'll find the gas and electricity you use today cost even less than they would at 1936 rates! Why not let this low-cost energy do more of your work, save you time, add to the pleasure of living in beautiful California!

THAT FLAG IS FURLED

Proudly, I bear her who bore me: Bear, as inheritance, All of her that lives in the flesh.

Cored with her fortitude,
I can face my alloted pain
And wonder at her grace
In braving a larger portion.
Sustained by her faith—
Not the identical faith,
But the will to be faithful—
I can remain steadfast.

Being childless, I cannot extend her:
That flag is furled.
With my death we make an end together
—Vera T. Marshall

QUEST

I comb the four great winds of heaven
And hear but echoes of their speech,
Snare six bright butterflies, while seven
Wing tantalizingly from reach.

I search, in halls of centuried learning,
Through endless books with eye and thumb,
And feel, with the final page's turning,
Ahungered, I have had a crumb.

I touch with an adventurous prow At isle after green thalassic isle, Only to glimpse beyond my bow Others that becken and beguile,

And when my spirit has ascended

A breathless peak, find common sun.

Why does each earthly quest, when ended,
Seem somehow to have just begun?

FOUND HERITAGE

Here silent voices from the lips of shells
Cry beauty as our peacock sun descends
Spreading his fan of poetry on swells
Where rainbows wave farewell toward the sands.

When night's enormous mouth has swallowed all And peace comes swinging a heaven-full of shine, I catch Antares' eye like a codicil, Inherit the crimson gem, and own a mine.

Still, circled by the memory of lips, I sadly re-embark on final trips, Caught up in the sail of the incandescent moon Bright with borrowed sun, chilling the bone.

Lost love falls in the silence like a gull
To the crushing jowls of sea without a call.
Yet, day after day our peacock sun descends,
And night after night Antares makes amends.

New Jerry De Bono Play Opens Friday At Studio Theatre

Friday night the new Jerry De Bono play opens at the Studio Theatre in Carmel. This farce, titled The Psyche of Diane O'Day, is a modern comedy of manners aimed at the world behind the television cameras.

Playing George Avery Jones, the writer of a network TV soap opera, is Jerry De Bono, remembered as the lead in The Studio's summer production of the revue 8 and Run. William Glaves, director of the revue, has also taken on the design and direction of this new play written for The Studio.

Included in the cast is Betty Fowlston, Monterey Peninsula actress who has kept local audiences entertained for years with the deftness of her comedy technique. She plays Klavonia Tsareski, a Russian literary agent bent on keeping George Avery Jones producing for the sake of her tenpercent.

The show will play on Fridays and Saturdays through the rest of September.

How to do it better with WATER

KEEP IT GREEN WITH WATER ...

The best care for your lawn is regular and proper watering.

An underground lawn sprinkling system is the most efficient method, and can save you money on your water bill too.

A variety of sprinkler heads are available and you can even install disappearing heads that pop up out of the lawn when the water is turned on. You can have a metal, rubber or plastic hose system installed in a short time, and without tearing up your lawn.

Electrically powered pumps of California Water & Telephone Company are used where necessary to assure you of adequate pressure to operate your sprinkler system. They pump thousands of gallons of water each day and send it through hundreds of miles of pipes. These automatically controlled pumps provide the vital heartbeat that keeps water flowing in the lifelines of the system. Maintaining these pumps and their associated equipment is just one of the many unseen, day-to-day jobs California Water & Telephone Company does to bring safe, fresh water to you.

Herb McGuckin Surprised

"I'm too tired," said Herbert McGuckin last Thursday evening when Mrs. McGuckin told him he had been invited to meet an old friend at Pine Inn. "You have to go," insisted Mrs. McGuckin and got Herb away from his Valley home to be the guest of honor at a surprise dinner party arranged by the staff of the Village Hardware Store.

Herb is retiring after 11 years at Village Hardware. During the evening he was given a patio chair "so that he can rest and sit in the sun," according to Mrs. Clayton Neill Sr., his former employer.

Present at the surprise party in the Crystal Room were Mr. and Mrs. Nelson Edmonds, Mr. and Mrs. Frank Timmins, Mrs. Louise Busic, Mr. and Mrs. Clayton Neill Sr., Mr. and Mrs. Clayton Neill, Jr., and their three-year-old daughter, Kathy.

New Art Association Members

Helen Barker, Ethlyn Crouch, Robert Davey and Mildred Schmidman, all Carmel residents, were admitted to membership in the Carmel Art Association at the September meeting of the board of directors. Also Emile Norman of Big Sur and Jane Ziegler of Carmel Valley became Association members at the same time.

High School Weekend Parties

Loleen Funk was hostess at an open house party for high school friends at the home of her parents, Dr. and Mrs. Harold Funk, on Friday evening. On Saturday night, Judy Hensel entertained members of the freshman class on the beach. Walter Helm had a party for seniors, while juniors danced at the home of Ellen McKelvey.

Gail McHarry Studies Abroad

Gail McHarry, a French major at the University of Oregon, has left to spend a year in France under the Junior Year Abroad program administrated by Sweet Briar College She is one of 80 students from 48 American colleges and universities who set sail recently from New York on the Mauretania.

After six weeks of language study in Tours, the group will move to Paris late in October to enroll in the regular winter term of the University of Paris. Both in Tours and in Paris, the students will live with French families.

Gail is the daughter of Mr. and Mrs. Charles P. McHarry.

First Altar Society Meeting

Mrs. John Doud was hostess for the opening meeting of the Carmel Mission Altar Society in her home in Carmel Woods. Miss Ellen O'Sullivan was co-hostess.

Speaker for the afternoon was Mrs. Mariquita Brey who gave a report on her recent trip to Greece and Denmark. She spoke of the religious Greek people and of-Greek appreciation of help from the United States. Mrs. Brey described beautiful Greek gardens and castles and related how these had suffered during the Civil War with the Communists. She also stated that thousands of Greek persons died of starvation during this time.

Mrs. Erna Roland, the new president, waived the customary business, and, after the talk, a "get acquainted" tea was emjoyed by the group present. Mrs. Joseph Fratessa and Mrs. Frank Born presided at the tea table.

Farewell Breakfast Party

Mr. and Mrs. Ephraim Doner gave a breakfast party on Sunday morning for Alice Williams and Nancy Lofton, who have both flown East to enter freshman year at St. John's College, Annapolis. Alice left yesterday and Nancy on Sunday evening.

In a telephone call to her parents Mr. and Mrs. Richard Lofton on Monday, Nancy reported that her plane had twice been turned back from Dallas, Texas, with engine trouble. She then took another plane and the engine of the second plane caught fire as she was landing in Birmingham, Alabama, where she was met by relatives.

At the Sunday farewell breakfast, besides Nancy and her parents, were Alice's parents Mr. and Mrs. Laidlaw Williams and her brother Boz, Jan Eliassen, Mr. and Mrs. John Nesbitt and Mrs. Nesbitt's son Brian Casiday, back in Carmel from freshman orientation at San Francisco State College.

Marcus Home, Story Sold

Mr. and Mrs. Allan Marcus have returned to their home in Carmel Highlands after a lengthy stay in Southern California. With them are their older daughter, threeand-a-half-year-old Naomi Beth, and their new daughter Anina, three months old, in Carmel for the first time.

While he was away, Allan sold his story, Here Come The Brides, to Columbia Pictures to be made into a musical. It will be directed by George Sydney, director of Pal Joey and The Harvey Girls, and produced by Roger Edens. He has still to write the screen play for the musical when he has finished adapting the Wade Millar novel, The Trouble With Emily, for Eldorado Films, an RKO financed film company.

"This movie will be made in Cuba and will be definitely adult drama," says Allan.

PUBLIC HEARING

NOTICE IS HEREBY GIVEN to all persons bearing an interest in the matter that the City Council of the City of Carmel-by-the-Sea. California, pursuant to provisions of Sections 65656, 65657 and 65658 of Article II, Chapter 1, Title 7, of the Government Code. and of subparagraph (e) Section 1015, Article 9, of the Municipal Code, has called a Public Hearing for the following purpose

TO CONSIDER AN ORDIN-ANCE originated by the City Council, which has now been reported on by the Planning Commission of this City, entitled AN ORDINANCE AMENDING THE ORDINANCE CODE TO PROVIDE FOR POPULATION DENSITY CONTROL, which adds consideration of population density in the immediate vicinity and in the general area to the several considerations obtaining to the issuance of building permits for structures of the A to H class occupancies, where such occupancies come under the controls of the Interim Zoning Ordinance.

SAID PUBLIC HEARING will be held in the Council Chamber of the Town Hall on Tuesday, September 30, 1958, at the hour of 8:00 o'clock p. m.

Dated: September 17, 1958. L. D. ROSE, City Clerk. Date of Pub: September 18, 1958

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF MONTEREY

In the Matter of the Estate of DANIEL T. MacDOUGAL, Deceased.

No. 15253 NOTICE OF HEARING PETI-TION TO MAKE LOAN AND SECURE SAME BY DEED OF TRUST.

SHELBURN ROBISON, as Executor of the Last Will and Testament of Daniel T. MacDougal, deceased, having filed herein his verified petition, praying for an order authorizing him to make loan and note secured by Deed of Trust on certain real estate described in said petition, and alleging that it is necessary to make the loan to secure money to pay the debts outstanding against said deceased, and costs of administration of said estate;

NOTICE IS HEREBY GIVEN to all persons interested in the said estate to appear before the said Superior Court on Friday, the 19th day of September, A.D., 1958, at ten o'clock in the forenoon of said day, at the Courtroom of said Superior Court, at the Courthouse, in Salinas, County of Monterey, State of California, to show cause, if any they have, why an order should not be granted to the said Executor of the Last Will and Testament, authorizing and directing him to borrow the sum of THIRTY-THREE HUNDRED FIFTY DOLLARS (\$3,350.00) or such lesser amount as to the Court shall seem meet, and to make note secured by Deed of Trust on real property of the said estate described in Exhibit "A" attached hereto and incorporated herein.

Reference is hereby made to said petition, filed herein, for further particulars. Dated: September 8th, 1958.

Adams Plan Is Not Subject To Public Hearing

(Continued from Page One) or 4,000 square feet of property area, after the planning commission has given a variance for such use.

A yellow zone (C-1-S) surrounds the red zone on each side except to the west. All red zone business uses are permitted in the yellow zone, plus certain uses now confined to C-2 commercial service district. Apartments and multiple residential uses are to be permitted under a density control formula, such as one unit per 1,000 square feet of site. Sixty-six and two-thirds off-street parking is asked for these uses. Landscaping not to be less than two percent of site.

Multiple residential uses, motels and hotels now in this yellow area are to be nonconforming. Six exist and plans for two more are filed with the planning commission.

Adjacent to the yellow zone is the light blue zone. All commercial uses permitted in the red and yellow zones are permitted, also motels. One hundred percent off-street parking is the requirement for motels with landscaping varying from five to 15 percent. At the discretion of the planning commission parking may be reduced. The light blue all uses zone is concentrated in the northern section of the existing business district.

Farthest out and framing the outer zones is the dark blue zone (C-1-R.) No commercial uses are permitted here, only professional offices, public buildings, churches, etc. Multiple residences go here but with stricter controls than in the light blue zone. Landscaping is to be a minimum of ten percent of a site, height of buildings decreased and setbacks provided on property lines facing the residence area which surrounds all the four business zones.

There are seven parking lots on the zoning map presented to the planning commission. These are situated on presently "depreciated" property, Mr. Adams told commissioners. They could be acquired by the city and operated as metered lots or owners could use their land for the same purpose, he said.

Six property lots above Seventh Avenue and two below on Monte Verde Street are designated for this purpose. Also, on the west side of Lincoln Street, nine lots below Fifth adjacent to the Girl Scout House, and six lots at Eighth Street surrounding the Masonic Temple. Two lots above Fifth on Lincoln join a whole half block on Dolores between Fifth and Fourth for another parking area. Two lots at Dolores and Eighth are added to two lots north of Lincoln to form a fifth; fifteen lots on Junipero, south of Ocean below the Presbyterian Church are the sixth parking area and the seventh is four lots around the Red Cross Building between San Carlos and Dolores

Commissioner Fred Keeble doubted the proposed parking areas would be used by the public, whom, he noted, had not availed themselves much of the present Lions Club operated public parking area around the Carmel Theater. Commissioner Florence Josselyn wondered if a new business use would not be created in Carmel if owners operated such lots themselves. Commissioner Jessie MacGregor did not like the concentration of public parking to the south of the business district as it would bring traffic away from the strictly business area.

Of the yellow zone Commissioner Herbert Blanks emphasized that an ordinance establishing this zone must have business uses clearly defined. Commissioner Josselyn agreed. Commissioner Keeble felt the yellow zone was "wide open"

"We will assimilate Mr. Adam's explanations and determine in our own minds the value of this map," said Chairman George Willox, when asked if commissioners wish-

Coroner's Jury Finds Edgren Death Caused By Accident

Projected color slides showed that the cuts on her arm and forehead had occurred "hours, perhaps days before her death" and could not have occurred in a death struggle with an assailant, according to another state expert, Roger Greene. There was no evidence that anyone other than Mrs. Edgren had been in the house. There was no motive. The towel wrapped around her neck could have been "a contributing factor" to her death from strangulation if, when she slid from her bed, her head had been forced forward against the bed, he said.

The blood smear on the back door frame and bed sheet, "the bloody hand prints" that had been the delight of the San Francisco papers in the Strangulation Murder of Wealthy Carmel Widow had been made with a fabric glove, undoubtedly Mrs. Edgren's own, Greene pointed out, and some time before her death. He suggested the possibility of her falling outdoors, grasping her elbow with a glove which became thoroughly

its goal as it always has."

Monday, more than 400 trained volunteers who have been meeting with chest officials will move out into the highways and byways to secure pledges. Already Carmel

blood soaked, leaving print on door and sheet. All must have occurred "hours, possibly days before her death." She had had time to dispose of the glove. There were odd gloves on the premises in fabric that matched the print. He stated positively that the prints could not possibly be related to her death.

WHAT IS BROASTED CHICKEN?

Our chicken is prepared in scientific new equipment called **Broasters**. The Broaster injects heat units instantaneously, sears the chicken, seals in all flavorful natural juices, and cooks through to the bone in six minutes. Broasted chicken is served to you golden brown, tender, and wonderfully palatable.
